Notes:

1. The 60 defaulted members chose Nod as their leader.
2. The defaulted members mated with sons and daughters of men giving origin to the traditional stories of the gods coming down to mate with mortals.
3. Much of the subsequent idolatry of the human races grew out of the desire to perpetuate the memory of these defaulted and highly honoured beings of the days of Caligastia.
4. One hundred and sixty-two years after the rebellion, a tidal wave swept up over Dalamatia, and the planetary headquarters sank beneath the waters of the sea—the Persian Gulf corresponding to Mesopotamia.
